

# Lamina E2

The clever laminate trimmer

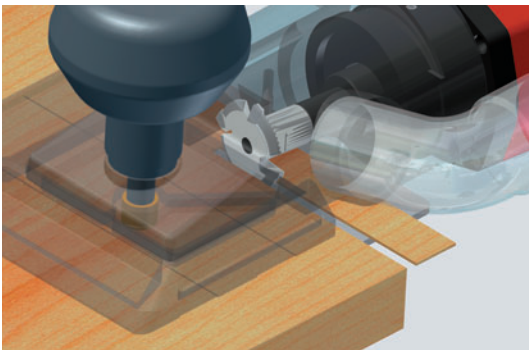

For chip-free and precise flush or chamfer cutting of plastic laminates, wood veneers, non-ferrous metals and most composite materials.

Lamina E2

With the compliments of:

**Square stop**

For flush cutting of edge banding

**Pre-selection of cutting dimensions**

Easy and fast set-up for cutting depth and chamfer width by a simple twist of the motor

**Clamping lever to fix the setting**

The setting is fixed with one single lever

**Scale**

To assist in the precise setting of cutting depth and chamfer width

**Exchangeable base plate made in plastic**

No damage to the work-piece surface  
Easy to exchange

**HM Cutter**

to cut 0° or 35°

Cutting depth at 0° max. 3 mm

Cutting depth at 35° max. 4 mm

**Cutting tool**

**Climb cutting**

Climb cutting guarantee chip-free and clean cutting

Slight cutting width effects longer durability of the cutter

**Available in pneumatic or electric version**

Lamina adaptable to any of your manufacturing needs
